Just don't look, no matter what they say
Don't let her get to you, make her go away
But you're only human
And the best laid plans of men go astray

So all your good sense goes out the door
When you see that girl walk across the floor
Too late, you've seen her
You've had a glimpse of paradise

You never wanna have to choose but come on, boy
Is it love or money now
(Money, money, love or money)
Even if you win you lose, what's it gonna be?
Is it love or money now

I'll close my eyes, I don't wanna see
You just go ahead say what you will and I'll agree
I don't want illusions
I don't want confusions anymore

You never want to have to choose but come on, boy
Is it love or money now
(Money, money, love or money)
And even if you win you lose, what's it gonna be?
Is it love or money now

Is it love or money, I said, love or money
That can make your dreams come true
I know, it sounds so funny but it's always love or money
That makes you do the crazy things that you do, yeah

You never wanna have to choose
What's it gonna be?
Is it love or money now
(Money, money, love or money)
And even if you win you lose, what's it gonna be?
Is it love or money now

Is it love or money
What's it gonna be now?
Is it love or money now
