Don't know why
It's the strangest thing
It's no lie
Don't know what's happening

When I know that you know that
It's a matter of fact
I know that you know that
It's a matter of fact

Don't want to stay
But I don't want to go
Don't want to say it
But you already know

And I know that you know that
It's a matter of fact
I know that you know that
It's a matter of fact

Tell me now
What is that thing you do
Tell me how
I keep thinking of you

'Cause I know that you know that
It's a matter of fact
I know that you know that
It's a matter of fact

If it's gone
Come out and say it
Don't go on
Live in and make believe

'Cause I know that you know that
It's a matter of fact
I know that you know that
It's a matter of fact

I know that you know that
I know that you know that

I know that you know that
I know that you know that

I know that you know that
It's a matter of fact
I know that you know that
It's a matter of fact
