Can't you see I'm shaking in my shoes
I've done everything but I still got the blues
Everywhere I turn there's misery
Stuck in the middle of nowhere street

Go away come back where ya goin'
Don't do that, do this, don't you blow it
Run don't walk, shout don't talk about it
You don't know anything about it

It's no good there's no way out
A fine affair and there's no doubt
That there's no way out, no way out

She left some money in a paper sack
And a note to say she ain't coming back

It's no good there's no way out
A fine affair and there's no doubt
That there's no way out, no way out

They're coming at me from everywhere
They say "She's already gone from here"

Go away come back where ya goin'
Don't do that, do this, don't you blow it
Run don't walk, shout don't talk about it
You don't know anything about it

It's no good there's no way out
A fine affair and there's no doubt
That there's no way out, no way out

No way out
No way out
No way out
No way out
No way out

It's no good there's no way out
A fine affair and there's no doubt
