Sun is shining for me  
I'll be on my way  
I'll be rolling along, cos I need to  
Feel alright  
From the evening till the early light  
Nowhere to go but it's on with the show

Wander down in the lane ( ? )  
I'll be strolling to  
I do a brave show for you , don't you know i  
Feel alright  
From the evening to the early light  
Nowhere to go but it's on with the show

Feel alright  
From the evening to the early light  
Nowhere to go but it's on with the show
