So I go though it hurts me so
I'm crying for your love

Deep waters flow out to the sea
They never needed you or me

One summer dream
One summer dream

Blue mountains high and valley low
I don't know which way I should go

One summer dream
One summer dream

Warm summer breeze blows endlessly
Touching the hearts of those who feel

One summer dream
One summer dream

Bird on the wing goes floating by
But there's a teardrop in his eye

One summer dream
One summer dream

One summer dream
One summer dream

One summer dream

Deep waters flow out to the sea
Warm summer breeze blows endlessly

One summer dream
One summer dream
