Night after night
I try to make it out all together
Night after night
I see you as someone I remember

You took me by surprise
Opened up my eyes
Now we gotta talk this over

Can it really be so serious
To be a broken up and delirious
I guess we've really been out of touch
But can it really be so serious

Day after day
I know its not the way that you wanted
Day after day
I try to find the key but it don't fit

But you know how it is
No matter what I did
We gotta talk it over

Can it really be so serious
To be a broken up and delirious
I guess we've really been out of touch
But can it really be so serious

Tonight tonight
I'm thinking over everything you said to me
Tonight tonight
I'm sorry but I just didn't see

But now it's up to you
There's nothing else to do
We gotta talk it over

Can it really be so serious
To be a broken up and delirious
I guess we've really been out of touch
But can it really be so serious

Is it too serious?
