There's a silence in the city  
There's nobody around  
And everyone that we knew  
Moved to higher ground

There's a shadow hanging overhead  
It lingers there alone  
Changing all we ever knew  
The changes start to show

There's a sorrow about to fall  
Yeah, there's a sorrow about to fall

There's a new sound in the wires  
And ears are to the ground  
And everything that once was ours  
Has slowly turned around

Something happened to the seasons  
Started falling with the rain  
And something changed forever  
We gotta find a way

There's a sorrow about to fall  
There's a sorrow about to fall

There's people in the photographs  
But they all had to run  
They went away to somewhere  
Beyond the setting sun

'Cause there's a sorrow about to fall  
There's a sorrow about to fall

Yeah, there's a sorrow about to fall  
Yeah, there's a sorrow about to fall

Sorrow about to fall  
Fall, fall, fall  
Sorrow about to fall  
Sorrow about to fall  
Sorrow about to fall
