Baby, can you hear me call?
Is it alright, now your back's against the wall?
Baby, is it still the same?
Do you wonder? Is it on and back again?

Surrender, baby, surrender
Surrender, baby, surrender

I know it, what we said that day
Are you under? Did it matter anyway?
You told me, what you said is true
Does it all mean waiting back alone and blue?

Surrender, baby, surrender
Surrender, baby, surrender

Surrender, baby, surrender
Surrender, baby, surrender

Baby, can you hear me call?
Is it alright, now your back's against the wall?
Baby, is it still the same?
Do you wonder? Is it on and back again?

Surrender, baby, surrender
Surrender, baby, surrender
Surrender, baby, surrender
Surrender, baby, surrender

Surrender
