When I was a little boy  
my mama dropped me on my head  
I felt kinda dizzy but the doctor  
made note of all I did

#### CHORUS

Ever since then theres been a slight disturbance in my  
mind  
a kind of disarrangement that the surgeons cannot  
find

At the age of seven I just couldnt read my ABC  
but I gave my teacher tips on how the caveman used to  
be

#### CHORUS

Reach the age of 21 aint got no...to fit my clothes  
day and night Im looning around  
dont know what Im looking for

Will they carry me away?  
Oh will they carry me away?

I was 97 and Im sure my brain it had enough  
racing round in jet planes cause  
my sports car aint quite fast enough

#### CHORUS

Will they carry me away?  
Oh will they carry me away?
