World's going through some changes  
I see so many things that  
I don't understand

And people - have got to feel the power  
We got to take our lives back  
Into our own hands

This is no time for silence  
We got to be stronger  
We can't live with the violence  
We can't live with the fear

Chorus  
Voices - I wanna hear them calling  
From the highest mountain  
Over land and sea  
Voices - I wanna hear them calling  
Hear the sound of freedom  
Calling out to me

Life - just turns in a circle  
If we look for solutions  
In the mistakes of the past

And now - we got to look to the future  
We got to find the answers  
We got to find them fast

So put the wheels in motion  
If you wanna make changes  
Out across the ocean  
Let your words ring out

Chorus
