2095, 2095, 2095, 2095

I love you, sincerely

Yours truly, yours truly...

I sent a message to another time

But as the days unwind, this I just can't believe

I sent a note across another plane

Maybe it's all a game, but this I just can't conceive.

Can you hear me?

I drive the very latest hovercar

I don't know where you are

But I miss you so much till then

I met someone who looks a lot like you

She does the things you do

But she is an ibm.

2095, 2095, 2095, 2095

I love you, sincerely

Yours truly, yours truly...

Shes only programmed to be very nice

But she's as cold as ice

Whenever I get too near

She tells me that she likes me very much

But when I try to touch

She makes it all too clear.

She is the latest in technology

Almost mythology

But she has a heart stone

She has an i.q. of 1001

She has a jumpsuit on

And she's also a telephone.

2095, 2095, 2095, 2095

I love you, sincerely

Yours truly, yours truly...

Chorus:

Is that what you want? (is it what you want? )

Is it what you really want? (is it what you really want? )  
Is that what you want? (is it what you want? )  
Is it what you really want?

I realize that it must seem so strange  
That time has rearranged  
But time has the final word  
She knows I think of you, she reads my mind  
She tries to be unkind  
She knows nothing of our world

Although her memory banks overflow  
No one would ever know  
For all she says: is that what you want?  
Maybe one day I'll feel her cold embrace  
And kiss her interface  
Til then, I'll leave her alone.

I love you, sincerely  
Yours truly, yours truly...

Repeat chorus:

Is that what you want?
