And the story ends, insanity said coldly  
Still waiting for the chance  
So out of nowhere, it will rise  
Oh, and another journey starts

By the call of the moon was it really me  
I saw in the mirror screaming  
I swallowed hate and lies through a thousand cries  
Someone's sucking out my energy

What can I do  
On this road to nowhere  
Heart of dragon lies  
At the edge of time

And the story ends, insanity said coldly  
Still waiting for the chance  
So out of nowhere, it will rise  
Oh, and another journey starts into insanity's claws

Come with me and join me  
A new life's waiting for you  
Jump through the mirror  
Leave fear behind

No matter where I tried  
The candle light seemed  
Lost forever before my vision ends  
Cathedral, falling tears

We're not alone  
There's someone else, too  
From the mirror's other side  
Reflecting the cruel part of your soul  
It's time for your choice

What can I do  
On this road to nowhere  
Heart of dragon lies  
At the edge of time

And the story ends, insanity said coldly

Still waiting for the chance  
So out of nowhere it will rise  
Oh, and another journey starts  
By the call of the moon

Heart of dragon lies

What can I do  
On this road to nowhere  
Heart of dragon lies  
At the edge of time

I'm not a king, I'm just a bard  
How can I trust if there's good and bad  
The wounds of life, they will remain  
At least, I found a friend
