In deserts I was preaching
The hand of God was with me
Baptized with water and I praised
The one who came behind me
To save us all with the holy ghost
A prophet of the fools I've been lost

I'm sure you're there wandering around
But do you care for me, I'm alone?
You talk of love not for me
In my dungeon cold, I could think about
All the things you've said
But I can't understand, you famous son

I left the way of Heaven
Or did you lead me from it?

No, no turning back
I'm banished from sanctuary
The darkness in me is filling me with pain
There's no way to turn back for eternity

In shadows I'm walking
And caught in loneliness
Deliverance I wait for but how long?
Are you the one who should come?
Show me the light in you
Or should we wait for someone another?

No, no turning back
I'm banished from sanctuary
The darkness in me is filling me with pain
There's no way to turn back for eternity

Your reich should come to this world
Your way smoothed by my blood, friend
My might will decrease but you'll get high
Yes, so much higher, be careful of the rats
Friend 'cause they'll never sleep
Before they catch you

Blind can see the sun, cripples walk alone

Deaf can hear my words, they believe, just believe
They believe in me, look, the signs are near
To perform my task, to perform my way
To perform the way I walked, way of the crucifix

I hear the hangman coming
I wait for execution

No, no turning back
I'm banished from sanctuary
The darkness in me is filling me with pain
There's no way to turn back for eternity

No, no turning back
I'm banished from sanctuary
