In fact it was close to a real fallout
Everything's under control
The speaker said with a serious smile
Behind his mask
He knew the truth
I'll bring new age of better ways
The TV preacher said
Just pay today
Pay today

World's dressed in black
On earth's judgments day
And I?
I know it can't go on
Forbidden signs increase
I'm sitting still at home
And watching

Born in a morning hall
Pale clouds of feared the unborn child
Then it grew up with growing plans
Of suicide
Born in a morning hall
Shadows left the fear inside
The Peter Pan will never reach
The other side

It's frightening
Exciting to sit at home
And watch the burning fields get
Hypnotized by the TV snake
Obey and work hard
And feel no anger

Just sympathy for the higher class
There's no chance in changing
Things
Cause I am

Born in a morning hall
Silent cries ran out
When the cradle breaks

Broken dreams were unheard on
The other side
Born in a morning hall
Shadows left the fear
In the new born child
The Peter Pan will never reach
The other side

[SOLO]

And I'm a part of a machine
A puppet on the strings
A rebel, once
Now I'm an old man

Oh, I know it can't go on
But the ghost called fear inside
Lames my tongue, my nerves,
My mind
Eternal fall down
Someone cut the strings off
I can't move
To get back courage
I've to face the truth
But not today
Goodbye

Born in a morning hall
Caught inside a web called life
The only way to get out soon
I suicide
Born in a morning hall
Pale souls built a frozen world
Infected brains
Will never reach the other side
The other side
