The tenure of kings and their magistrates  
By good men it must be deposed  
The covenant made can be voided at once  
Disanoint him, take his crown

They plead for their king  
And they pity their lord  
Put him to death, that's what I say

Though never so just these dancing divines  
Endue him with reason and grace  
They're gibberish  
Words dissemble the facts  
God's will  
They falsely will claim

Let him curse my name  
On these blood stained pages of misery  
Let him call me a tyrant so cruel  
Let him curse my name  
But remember the truth

So there they come  
From everywhere  
They witness revenge  
Hear them calling  
You're laden with blood  
It's spilled everywhere  
And sorrow's everlasting

Oh you'll be aware now  
That trial is near  
It's close at hand  
The masquerade is over  
It ends

Remove his crown  
And bring him down  
Remove his crown  
And bring him down  
Now we shall mourn no longer  
Our prayers they've been heard

Now we shall mourn no longer  
Our prayers they've been heard  
(We won't take it anymore)  
That will bind us to the tyrant  
(We won't take it anymore)  
Our voices shall be heard  
(We won't take it anymore)  
That will bind us to the tyrant  
(We won't take it anymore)  
Our voices shall be heard  
(We won't take it anymore)  
And we're the one we are the nation

(We won't take it anymore)  
And we're the one we are the law  
(We won't take it anymore)  
And we're the one we are the nation  
(We won't take it anymore)  
And we're the one we are the law

Falsely they praise  
Deify his majesty  
He's blessed anointed's  
Fulfilling god's will  
Curse them all  
No further he's king  
Providence brought him straight into our hands

Let him curse my name  
On these blood stained pages of misery  
Let him call me a tyrant so cruel  
Let him curse my name  
But remember the truth

Now let him appear  
There's joy in the air  
Now witness a new age is dawning  
In trouble alone  
He's facing despair  
Awaiting his bitter ending

We all know he's guilty as charged  
By punishment due to his crime  
We sacrifice the wicked king  
Acknowledged by scriptures and law

Let him curse my name  
On these blood stained pages of misery  
Let him call me a tyrant so cruel  
Let him curse my name  
But remember the truth

On these blood stained pages of misery  
Let him call me a tyrant so cruel  
Let him curse my name  
But remember the truth

We won't take it anymore  
Our voice it shall be heard  
But I will remember the truth  
We won't take it anymore  
Our voice it shall be heard  
But I will remember the truth
