Come, I'll show you the end
You're damned, 'cause no-one can defy me
Just watch these maddened creatures
Like you, they all once reached out
A war to win
But I'm gonna burn this vision down

Call me the father of lies
Just watch these saddened creatures
They've turned you into their savior

You'll hold your ground until your last breath
You twist then turn, and now you're falling down
The battle rages on and forever and ever the wheel will
turn

Let ages come and go (The Wheel will turn now)
The wheel will turn
Another ride into obsession
I am reborn, (the wheel will turn)
The wheel will turn
And I am driven to obsession

All these dying men
Try to understand
They all followed the sign

It's the cycle's end
There's no hope
For a while
From the ashes arise

Can't save her
Enjoy the flames
So precious, so pure

And you try
You're sure to fail
And madness
Is the you've to pay

Unholy grounds

Witness your last breath
The cycle ends
And you're stumbling

The battle will go on

And forever and ever
It's raging on

Let ages come and go (The Wheel will turn now)
The wheel will turn
Another ride into obsession
I am reborn, (the wheel will turn)
The wheel will turn
And I'm driven to obsession

Through the flames you'll see me,
You'll be mine, believe me
This is the moment I long for

Wake up there's a storm to face and
Right now when the land lies bleeding
It's me, I conquer your soul

Still I'll be on my way
Oh light, let me out here I pray

And over and over and over again
There is no beginning
No end

This war, it still goes on
And forever and ever
I will return

Let ages come and go (The Wheel will turn now)
The wheel will turn
Another ride into obsession
I am reborn, (the wheel will turn)
The wheel will turn
And I am driven to obsession

Light- so serene
True source reign over me
There's no end and
There's no beginning
"You will never be alone"
There's no end and
There's no beginning
"You will never be alone"
