Taken the long way  
Dark realms I went through  
I arrived  
My vision's so clear

In anger and pain  
I left deep wounds behind  
But I arrived  
Truth might be changed by victory

Beyond the void but deep within me  
A swamp of filth exists  
A lake it was of crystal beauty  
But Arda's spring went by

I've heard the warning  
Well curse my name  
I'll keep on laughing  
No regret, no regret

Don't fear the eyes of the dark Lord  
Morgoth I cried  
All hope is gone but I swear revenge  
Hear my oath  
I will take part in your damned fate

I will always remember their cries  
Like a shadow which covers the light  
I will always remember the time  
But it's past

I cannot turn back the time  
(I)  
Don't look back  
There's still smoke near the shore  
But I arrived, revenge be mine

I will take part in your damned fate  
Morgoth I cried  
It's my oath  
So don't fear the eyes  
Of the dark Lord

Suddenly I realized  
(Soon you will be free)  
The prophecies  
(Set your spirit free)  
I've never believed in  
My deeds were wrong

I've stained the land  
And slain my kin  
(Burning Soul)  
There's no release from my sins  
It hurts, the curse of Feanor runs long

Time and only time will tell us  
Tell, was I right or wrong?  
When anger breaks through  
I'll leave mercy behind

I will take part in your damned fate  
Morgoth I cried  
It's my oath  
So don't fear the eyes  
Of the dark Lord

I will always remember their cries  
Like a shadow they'll cover my life  
But I'll also remember mine  
(And)  
After all, I'm still alive
