The giant's lost and all round him destructed for what  
They all knew what it meant but they couldn't change it  
Lord they had gone too far, leave them alone

It's all gone, what is left behind  
On a desert we called earth  
When the last whale went away  
Did they ever see the tears

Don't fear Your last step from the theatre of pain  
And the children will love your singing  
From the sea, from the sea  
The sea that is calling, now we've to leave it

The sea was clear on the day I was stranded  
Answers I'd known to keep this all alive  
But I can't change it forever

Now I'm gone  
And it seems that life had never existed  
So we left the dark and cold  
All I left behind are my tears

Don't fear Your last step from the theatre of pain  
And the children will love Your singing  
From the sea, from the sea  
The sea that is calling, I hear them calling
