Run 'til you find the answer  
Time out for our poor cassandra  
She's fairly safe inside the fire

Inside the fire  
Awake desire  
Cruelly admired

They'll torture her soul  
And they'll torment her heart  
But won't change her mind

Would you like to see me  
How I'll cut off  
Her head life's a game  
A lesson to learn  
Don't be shy just blame me  
Well there is no  
Need to feel ashamed  
Remember the oath  
Remember the oath

Wake up it's time to cross the border  
Is it true what they say  
About the part you've played?

Enjoy your stay here  
Welcome to the slaughterhouse  
Release from rotten thoughts  
No more pain  
And no more gods

Under the ice you will believe  
Under the ice you will be free  
Released from rotten thoughts  
No more pain  
No more gods

Please understand  
It's not in our hands  
Barren the land  
It's all dead and gone

And still the tyrant's face is red  
So witness my glory, my triumph,  
My fame  
It's the sweetest taste

King of terror  
Just stop whining  
Hold your breath  
It won't take long  
Realize  
This is your judgement day

In between the killing carry on

There are no rules here  
Welcome to the slaughterhouse  
Released from rotten thoughts  
No more pain  
And no more gods

Under the ice you will believe  
Under the ice you will be free  
Released from rotten thoughts  
No more pain  
No more gods

Try to understand

You're the artificial enemy  
An illusion we all need  
For our sake  
For our sake

We're not allowed to see  
Beyond that's your skill  
Will we ever learn the lesson  
"we can't fly with broken wings"  
Break the chains  
Time to change

I'm afraid to say  
But you won't play a part  
It's been nice we now get to the climax  
Your destination's unknown  
Just get out of my way

Don't mind the blood here  
Welcome to the slaughterhouse  
Released from rotten thoughts  
No more pain

And no more gods

Under the ice you will believe  
Under the ice you will be free  
Released from rotten thoughts  
No more pain  
No more gods  
Under the ice you will be free  
Released from rotten thoughts  
No more pain  
No more gods  
No more gods  
I'm afraid to say but you won't  
Play a part
