High in the sky where eagles fly  
Morgay the dark enters the throne

Open wide the gate, friend  
the king will come  
blow the horn and praise  
the highest Lord  
who'll bring the dawn  
he's the new god  
in the palace of steel  
persuade the fate of everyone  
the chaos can begin  
let it in  
(Lead: Andr f  )

Bridge:  
So many centuries  
so many Gods  
we were the prisoners of our own fantasy  
but now we are marching against these Gods  
I'm the wizard, I will change it all  
(Lead: Andr f  /Marcus)

Ref.:  
Valhalla - Deliverance  
Why've you ever forgotten me  
(Solo: Andr f  )

Ref.:  
Valhalla - Deliverance  
Why've you ever forgotten me

Magic is in me  
I'm the lost magic man  
never found what I was looking for  
now I found it but it's lost

The fortress burns  
broken my heart  
I leave this world  
all Gods are gone

Bridge:

So many centuries  
so many Gods  
we were the prisoners of our own fantasy  
but then we had nothing who'll lead our life  
no, no, we can't live without Gods

Ref.:  
Valhalla - Deliverance  
Why've you ever forgotten me
