Now there is no end
The wheel will turn, my friend
I'm in flames
Cause I have touched the light
It pulls me so
We shall be one
Forevermore
That's all I want
It's all I need
Everything is fixed
There's no chance
There's no choice
It's calling me
Saidin
So precious and sweet
My mind keeps fading away
It's scratching deeper
My sole reliever
How can I find you now?
Passing through the flames
I see
How terror will rise
It soon will be over
O father of lies
Like foul winds at twilight
It's coming over me
What was and what will be?
What is?
I don't know
Driving me insane
Just feel the heat
Madness creeps in
I'll tear it down
There's no end
Wheel of time
It keeps on spinning
There's no beginning
Turn the wheel of time
There's no beginning
Just keep on spinning
Light - it binds me
Light - it blinds me

Light - it finds me
Light denies me now
I creep along
So desperate and tired
Let me ask you
Why?
I am what I am
Prophecies I am the chosen
Ta'veren
The flame will grow
Feel the heat
I'll keep on breathing
After all there's no tomorrow
Wheel of time
Save my soul, find a way
And if I fail, will it all be over?
Oh wheel of time
The vision
So fleeting and vague
Once again I will bring down the mountain
One last glimpse
It is constantly slipping away
The young man said
"I will never give up"
The inner war
I can hold against it
My mind, my mind
My mind's in darkness
The young man says
"I will never give in"
The prophecy
Behold it's true
I conquer the flame
To release the insane
I'm crying
I cannot erase
I'm the dragorn reborn
And in madness
I soon shall prevail
Twice I'll be marked and
Twice I shall live
The heron sets my path
And name me true
Twice I'll be marked and
Twice I shall die
My memory's gone
But twice I pay the price
Wheel of time
Save my soul
Find a way
May it be as the pattern has chosen

Oh, wheel of time
Turn the wheel of time
It keeps on spinning
There's no beginning
There's no end, wheel of time
There's no beginning
Just keep on spinning
Shine on
Embrace and deny me
Turn on, wheel of time
Shine on
You've burnt me, now guide me
Weave on, wheel of time
