You took your hits with the bruises on the soles of  
Your feet  
Well who's to say if they're deserved? But you're  
Turning reckless now  
I heard you saying through your teeth, that you'll take  
Them down first

But I saw you flinch, when the doctors got the claws in  
You  
I saw your smile start to crack  
It's not so funny when you're sunk and there ain't  
Nothing you can do  
And your options are all dead ends

But there's no way out  
I'll let you build your home with me till the clocks  
Run down  
When your looks run out  
Call me and I will come and fix you get your feet on  
The ground  
When there's no way out  
Call me and I will come and bury you all safe and  
sound

And all this time you've been drifting out with the  
Tide my friend

But you can have what's mine if it helps you stay  
Afloat  
If I close my eyes I can't watch you drown anymore my  
Friend  
But I'll tell you lies if it helps you sleep at night  
And the more we fight, the more we don't get right  
And the more we fight, the more we don't get right

Heard they broke you  
That you gave in  
That you dropped  
And the fight had left you

But don't you worry

Makes no difference  
From the start  
Your options were all dead ends

When there's no way out  
I'll let you build your home with me till the clocks  
Run down  
When your looks run out  
Call me and I will come and fix you get your feet on  
The ground  
When there's no way out  
Call me and I will come and bury you all safe and  
sound
