Sharpen up your number two pencils
'Cause the test is beginning
Your entering a game of losers
And there is no winning

'Cause people getting nervous
People freak out, people lose control
And if you don't like it
You can blow it out your blowhole

And the girls are losing their minds
And the boys ain't far behind
And the girls are losing their minds
And I'm here

Check in the appropriate box
For boy or girl
Wondering will it ever stop
And who invented this world

Now you see the unavoidable
Is hard to avoid
Wake up in your own drool to find out
That your future is destroyed

And the girls are losing their minds
And the boys ain't far behind
And the girls are losing their minds
And everyone's losing their minds

Check in the appropriate box
For boy or girl
Wondering will it ever stop
And who invented this world

Stare into your mommy's eyes
The future's just around the corner
Hi, welcome to Big Burger
Can I take your order?

Check in the appropriate box
For boy or girl

Wondering will it ever stop
And who invented this world

Hi, welcome to Big Burger
Can I take your order?
Hi, welcome to Big Burger
Can I take your order?

Hi, welcome to Big Burger
Can I take your order?
Hi, welcome to Big Burger
Can I take your order?
