You must obey the dance commander
Givin' out the order for fun
You must obey the dance commander
You know that he's the only one
Who gives the orders here,
Alright
Who gives the orders here,
Alright

It would be awesome
If we could dance-a
It would be awesome, yeah
Let's take the chance-a
It would be awesome, yeah
Let's start the show
Because you never know
You never know
You never know until you go

Alright
Alright

...who gives the orders here
Alright
...who gives the orders here
Alright

The lines are drawn, the orders are in
The dance commander's ready to sin
Radio message from HQ
Dance commander, we love you.

Let's get this party started right, y'all.
Let's get this party started right.

I went to the store to get more
Fire... to start the war
Everybody in this club is whack
I feel like I'm headed straight for a heart attack

Girls are pretty
Girls are nice

Take your chances
Roll the dice.
Take your chances...

It would be awesome
If we could dance-a
It would be awesome, yeah
Let's take the chance-a
It would be awesome, yeah
Let's start the show
Because you never know
You never know
You never know until you go

I wanna make it last forever
I wanna make it last forever
I wanna make it last forever
I wanna make it last forever
I wanna make it last forever
I wanna make it last forever
I wanna make it last forever
I wanna make it last forever

I wanna make it last forever
I wanna make it last forever
I wanna make it last forever
I wanna make it last forever
I wanna make it last forever
I wanna make it last forever
I wanna make it last forever

Ooo, baby!

Alright
Alright

You must obey the dance commander
You must obey the dance commander
You must obey the dance commander
You must obey the dance commander

Come on!
Come on, come on, come on, come on
Come on...
