Hah!
All those pills, they make you uptight
I'm suprised you still walk upright
You want to live the thug life
Well...
Dance on the edge of my knife
Wow!

Feed my fuckin habit (Feed my fuckin habit)
Follow the white rabbit (Follow the white rabbit)
Reach into me and grab it (Reach into me and grab it)
Feed my fuckin habit (Feed My fuckin habbit)
On a pale, moonlight night
My
Willpower loses its fight
Ooh

Feed my fuckin habit (Feed my fuckin habit)
Follow the white rabbit (Follow the white rabbit)
Reach into me and grab it (Reach into me and grab it)
Feed my fuckin rabbit (Feed my fuckin rabbit)
