Government Man  
Important Man  
Walking around at night  
He's got his whiskey  
He's got his briefcase  
He's gonna be alright  
Now when you hear those sirens  
Don't you think it's only gone by a drill  
'Cos when El Presidente pulls the trigger  
He always shoots to kill

There are Germans in Mexico  
Germans In Mexico  
Taking over tonight  
Falling in love with your daughter

There's only so many rabbits  
That you can pull out of your hat  
There's only so much time now  
You know we're running out of that

Ayudame, American fighter jets!  
For without you we shall not win  
They come with the light and take our women for sale  
in Berlin

There are Germans in Mexico  
Germans In Mexico

Taking over tonight  
Falling in love with your daughter  
Taking over tonight  
Falling in love with your daughter
