"I Know Karate"

Two, three, four, five, six, seven, hoo!

I am the terminator, the love devastator
I am the terminator, the love devastator
I am the terminator, the love devastator
I am the terminator, the love devastator, and

I know karate
And I know how to get things done
When the dust clears,
I'll be the only one standing

Hoo!

I am the terminator, the love devastator
I am the terminator, the love devastator
I am the terminator, the love devastator
I am the terminator, the love devastator, and

I know your number
And I know that you're all alone
And I intend to keep coming, keep coming, keep
coming

Hoo!

I am the terminator, the love devastator
I am the terminator, the love devastator
I am the terminator, the love devastator
I am the terminator, the love devastator
