Well, nobody wants to burn in hell  
But everybody's got a soul to sell  
When I was young, my mama gave me some advice  
She said, "Boy, don't you know everybody's got a  
price?"

I make lots of money, I make more money than you  
I drive around in my limo, that's what I was born to do  
And I might like you better if we fought together  
If it's not to be, know that I got somethin' better for ya

Solo

I dropped a bomb on Japan  
I was a hostage in Iran  
I'm the ugly American  
Now I'm a government man  
A government man

And I make lots of money, I make more money than  
you  
I drive around in my limo, that's what I was born to do  
And I might like you better if we fought together  
If it's not to be noted I got somethin' better for ya
