Sometimes I feel so alone  
I need something to hold  
Hope swallows me whole  
Time seems to fall

Well I sing for you wait for you  
I'd kill for you  
Help me out, see me through  
I live for you  
Hold me back sit me down  
I'll follow you

Sometimes I feel so alone  
I need something to hold  
Hope swallows me whole  
Time seems to fall

Well I sing for you wait for you  
I'd kill for you  
Help me out, see me through  
I live for you  
Hold me back sit me down  
I'll follow you
