Visit "[SOMETHING'S GOTTA GIVE](#)" on MotoLyrics.com

I plan to do it everyday  
But I couldn't care  
It's not as if I worry I'm never there  
And what do you want in this, oh  
Something's got to give  
The lines are there  
It's all for you take you give  
Sometimes you put your back up  
'Cause it's the only way to see  
That you're going nowhere today

I plan to do it everyday  
But I couldn't care  
It's not as if I worry I'm never there

You know just as well as I  
I am going down  
Wednesday is far to early

Sometimes you put your back up  
'Cause it's the only way to see  
That you're going nowhere today

Sometimes you put your back up  
'Cause it's the only way to see  
That you're going nowhere today

Wednesday is far to early, early
