That night we met on the rooftop
I didn't mean to knock you off
Questions, burning inside
I played the scene a thousand times

And it cut through me
Just like just a little bit
So you can meddle with me
And leave me on again

And I'm sure that I'll be waiting
Like you know we'll do with you
Another time, another whisper
It worn me out
And I'm sure that I'll be waiting
Like you know we'll do with you
Another time, another whisper
It worn me out

Such a familiar silhouette
That's hidden under that outfit
Sorry, a mean disguise
A longing glance from unmasked eyes

And it cut through me
Just like just a little bit
So you can meddle with me
And leave me on again

And I'm sure that I'll be waiting
Like you know we'll do with you
Another time, another whisper
It worn me out
And I'm sure that I'll be waiting
Like you know we'll do with you
Another time, another whisper
It worn me out

Sorry [x4]
You should've know that it was me, all along [x4]

It worn me out

And I'm sure that I'll be waiting
Like you know we'll do with you
Another time, another whisper
It worn me out
And I'm sure that I'll be waiting
Like you know we'll do with you
Another time, another whisper
It worn me out
