Reduce it down  
To good intentions that lost their meaning  
Now you're sleeping sound  
Like there's not a million reasons to leave me  
So which one will you choose?  
What is there left to lose?

"We'll never be this young again"  
So why wait forever?  
"We'll never be this close again"  
Please don't say never

Another drink or three  
Jack Daniels is the only friend I've got tonight  
Don't blame it all on me  
It seems wrong to end this with another fight  
Can you just hold it back?  
Save the worst for last?

How can you just give up?  
Was it that easy?
