### I. ELECTRIC FROST

From ancient Yuggoth black rays emit  
Evils narcotic cyclopean pits  
In dark babelian towers await  
Lie dreaming until the time will awake

What man has seen unknown Kadath  
Whose dreamy angles, confused and trapped  
Beyond the frozen waste you will find  
Hyperborean continent entombed from time

Black chant mirrors the song of the stars  
Open the abyss dreamt from afar  
Abominations drawn to our dimension  
Feed black desires aid human ascension

Black chanting grows  
From caverns below  
Echo through time  
Reveal the sign

### II. GOLGATHA

\*And he bearing his cross went forth into a place called  
The Place of the Skull  
Which is called, in the Hebrew, "Golgotha"  
John 19:17\*

### III. ALTAR OF MELEKTAUS

\*Inspired by a story by G.G.Pendarues  
(Weird Tales, Sept. 1932)\*
