[sample: "You're all the same, the lot of you, with your long hair and]  
[faggot clothes. Drugs, sex, every sort of filth. And you hate the police,]  
[don't you?" "You make it easy."]

A tower stands on the edge of time  
Upon it stands the astral mind  
The burning chaosphere seethes behind  
Ours to see yet we are blind

The eyes of God look upon what he's done  
And the eyes of Man look on and beyond  
I am a god, I am the one  
Into the chaos see my time has begun

The wizard in black reveals the sign  
The chosen are ready, destiny realigns  
Eye of ultra soul, together we join  
Alone again, once again, into the void

The eyes of God look upon what he's done  
And the eyes of Man look on and beyond  
I am a god, I am the one  
Into the chaos see my time has begun

Cosmic eye in the heart of the sun  
Freedom rays awaken the chosen ones

The eyes of God look upon what he's done  
And the eyes of Man look on and beyond  
I am a god, I am the one  
Into the chaos see my time has begun
