In a dream, in a room, in a funky ass cartoon
All my life it just seems
That I'm living in a dream
You take me away, you take me away
consequently it's just hard to find me
All around, people see the outside of you and me
But instead, we're just dead
We just live inside my head
You take me away, you take me away
Consequently its just hard to find me
Kicking, screaming, tears and laughing
All the time commiserating
All my life I feel so surreal / Sorry
Al lthe time its all because of you because of you
Think its time, realize, got a home made remedy
Get you out of my head, smoking something that is
green
It takes me away, it takes me away
Consequently its just hard to find me
