Innocence on your mind
I can see your design
You can run, through the fire
In your eyes no desire

You know what you are, you feel so alive
But you swim in your shadow

On the street, the sun has set
In a black silhouette
With your arms in the air
I can see your despair

You know that you're mine, I feel so alive
But you swim in your shadow

You know what you are, You feel so alive
But you swim in your shadow

When you're lost on your way, you must seek it out
Must seek it out, you seek it out.

How could you ever doubt? Just seek it out, just seek it out.

You know what you are, you feel so alive
But you swim in your shadow

I know that you're mine, I feel so deprived
When you swim in your shadow

When you're lost on your way, we'll seek it out
Just seek it out, you seek it out.

How could you ever doubt? just seek it out, just seek it out.

Yeah one fine day we're gonna wake and see
That you were never ever one to take the wheel
With one big turn, and make everything so right

But I'm gonna find my way into the sun

And slay the vicious light so it can no more shine
And you won't have a shadow just be calm
