Hangman's rope sho' is tough and strong  
Hangman's rope sho' is tough and strong  
They gonna hang me because I did something wrong

I wanna tell you the gallis Lord's a fearful sight  
I wanna tell you the gallis Lord's a fearful sight  
Hang me in the mornin', and cut me down at night

Mean ole hangman is waitin' to tighten up that noose  
Mean ole hangman is waitin' to tighten up that noose  
Lord, I'm so scared I'm trembling in my shoes

Jury heard my case and they said my hands was red  
Jury heard my case and they said my hands was red  
And judge he sentenced me be hanging till I'm dead

Crowd 'round the courthouse and the time is going fast  
Crowd 'round the courthouse and the time is going fast  
Soon a good-for-nothin' killer is gonna breath his last

Lord, I'm almost dyin', gasping for my breath  
Lord, I'm almost dyin', gasping for my breath  
And a triflin' woman waiting to celebrate my death
