Lately,
I know we're gonna break free
This time we'll rise so high
Fueled by desire
That fire
Burnt me today
I never wanna be lame

Make it
Ya I know were gonna take this
All the way
We'll feed the flame
With emotion,
Devotion
Gonna live for each day
I never wanna be lame

This is how I feel inside
I wanna do more than just survive
This is how I feel inside
I wanna do more than just survive

Racing,
Every moment that we're chasing
Face to face
You set the pace
With your desire
That fire
Burns in me today
I never wanna be lame

Make it
Ya I know that we can take this
All the way
We'll feed the flame
With emotion,
Devotion
And live for each day
I never wanna be lame

This is how I feel inside
I wanna do more than just survive

This is how I feel inside
I wanna do more than just survive

You're the one that I know
The only one that I hold

And we can't let this go
I won't let you go

Cause your all that I know
This is all that I know

Survive

Lately,
I know we're gonna break free
We're never gonna be
Strangers
In danger
Of fading away
We're never gonna be lame
