I can feel the undertow
Of a force that I don't know
Reaching deep into the night
It just makes me feel alright
And sometimes when I'm alone
When I need to speak to you
I call you up when you're at home
To exchange a point of view

It just makes me feel alright
It just makes me feel alright
It just makes me feel alright
It just makes me feel alright

The things I see I can't describe
A blind emotion I can't hide
Are you aware of my existence
Do you view me with indifference
I'm walking 'round within a circle
I'm falling down before the hurdle
At the end of every season
The wrong place without a reason

In the strangest kind of way
I don't want to let you down
But I hear it every day
I'm the angry man in town
And I don't know what to do
No, I don't know what to do
If it's love that makes you ill
I can take that bitter pill

And it makes me feel alright
And it makes me feel alright
It just makes me feel alright
It just makes me feel alright

The things I see I can't describe
A blind emotion I can't hide
Are you aware of my existence
Do you view me with indifference

I'm walking 'round within a circle
I'm falling down before the hurdle
At the end of every season
The wrong place without a reason
