"Bussed Out"

I've got my pitch on the sidewalk
It's right here next to the bus stop
It's a little cold but It's nice and dry

It's 4 am in the morning
And I don't know when the bus came
I missed my trip man one more time

Just give me one more night to fly away
Give me one more chance to shine
Just give me one more night to fly away with you

Live my life on the freeway
No one cares much what I say
In my heart yeah I feel so right

Lookin' up at a new day
Lady luck's goin' my way
Wish somebody'd figure out why

Just give me one more night to fly away
Give me one more chance to shine
Just give me one more night to fly away with you

Just give me one more rocket to ride on
Just give me one more mountain to climb
Just give me one more drug to get high on
Before I die

Never knew what I did wrong
Guess I'm first of the last born
Will somebody figure out why

I could be up in an airplane
Or sippin' tea with the president
But it's me on the street tonight

Just give me one more night to fly away
Give me one more chance to shine
Just give me one more night to fly away with you
