I've been walking in the rain just to get wet on purpose
I've been forcing myself not to forget just to feel worse
I've been getting away with it all my life (getting away)

However I look it's clear to see
That I love you more than you love me

I hate that mirror, it makes me feel so worthless
I'm an original sinner but when I'm with you I couldn't
care less
I've been getting away with it all my life
Getting away with it all my life

I thought I gave up falling in love a long long time ago
I guess I like it but I can't tell you, you shouldn't really
know
And it's been true all my life
Yes, it's been true all my life

I've been talking to myself just to suggest that I'm
selfish
(Getting ahead)
I've been trying to impress that more is less and I'm
repressed
(I should do what he said)

Getting away with it..
