Now's not the time to go

I feel the morning afterglow

And it feels so very strange

It's very, very frightening

I realise what's happening

Could it be I'd fall in love

She's the only one for me, she's got everything I need

Turn my back and run away

She's the only one for me, she's got everything I need

Turn my back and run away

Now's not the time to go

I feel the morning afterglow

And it feels so very strange

It's very, very frightening

I realise what's happening

Could it be I'd fall in love

She's the only one for me, she's got everything I need

Turn my back and run away

She's the only one for me, she's got everything I need

Turn my back and run away

Na na na na ...

She's the only one for me and she's got everything I
need

Turn my back and run away

She's the only one for me and she's got everything I
need

Turn my back and run away

Turn my back and run away
