

Electronic "One Day"

Visit "[One Day](#)" on [MotoLyrics.com](#)

We're in danger, so I'm told
It's the end of time and the world is old
You meet a stranger you don't want to see
Dance to the sound
Of his pen making history
One day and it won't be long
We'll stand in this place
Undercover
Licensed to be wrong
One day and it won't be long
We'll stand in this place
And discover
I'm not ashamed to tell you
But you know it's over
Naked is the beauty
Crying on my shoulder
It's hard to face rejection
What use to be affection
I thought was my duty
Like I was a soldier
I'd like to pay you but my funds are thin

I'm so in love with my shirt
But I'll throw it in
Why can't you
Understand what I'm going through
It's a bad situation what can I do
You know that
One day and it won't be long
We'll stand in this place undercover
Licensed to be wrong
One day and it won't be long
We'll stand in this place
And discover
I'm not ashamed to tell you
But you know it's over
Naked is the beauty
Crying on my shoulder
It's hard to face rejection
What use to be affection
I thought was my duty
Like I was a soldier

One day and it won't be long
