Your voice is breaking up  
Get off the phone  
Come and see me  
These times are hard enough  
To be alone  
I want you within me  
And much to my regret  
It's you I can't forget  
Tears on your shoulder  
Don't go too far  
Surrender me unharmed  
Then come to me  
Will we still be together  
In a year from now  
Or do we hate each other  
We're gonna get through somehow  
Has it turned the world into a nightmare  
Will it be farewell  
Only time can tell  
You'd make the angels wait  
And stop the sun  
If I let you  
What good is two when it's reduced (to) by one  
How do you value your love  
(What is the value of love)  
You'd better save your breath  
Give us both a rest  
Until tomorrow  
The second you want me  
You know I'll come  
You are the one  
Will we still be together  
In a year from now  
Or do we hate each other  
We're gonna get through somehow  
Has it turned the world into a nightmare  
Will it be farewell  
Only time can tell
