Fate just took a wrong turn,  
It would appear that we don't agree,  
And without warning sign I stopped just in time,  
When you ran straight in front of me.

Well I don't listen to the rumours,  
And I don't care who you have for tea,  
I think you'll find that the thief commits the crime,  
At the end of the book you'll see.

You tore me right down,  
You've got a hold on me,  
I can't believe it's true,  
But I believe in me.

It's been so long,  
It's been so long.

Don't ever talk to strangers,  
You never know what they're gonna say,  
And it may be a surprise right in front of your eyes,  
They get up, and they walk away.

So the next time you see me listen,  
Cos I've got something I want to say,  
You've got the wrong attitude and you act like a fool,  
And you will pass by within a day.

You tore me right down,  
You've got a hold on me,  
I can't believe it's true,  
But I believe in me.

You tore me right down,  
You've got a hold on me,  
I can't believe it's true,  
It's just the end of time.

You tore me right down,  
You've got a hold on me,  
I can't believe it's true,  
But I believe in me.

You tore me right down,  
You've got a hold on me,  
I can't believe it's true,  
But I believe in me.

It's been so long,  
It's been so long.

It's been so long,  
It's been so long.

It's been so long.
