"Cold As Ice"

All that I need for now
All that I need for now
All that I need for now
All that I need for now
Are your arms
CHORUS
So many things I wanted to say
But we never had the time
Picturing those memories I have
Don't act like you still are as cold as ice
The way you left that morning
Without a warning
I swear I couldn't understand
Still I keep on thinking
Of what it meant to me
All that I need for now
Are your arms
REPEAT CHORUS
I think I'll wait till tomorrow
To drown my sorrow
I'm really feeling down it's over
My world is turning
So these words mean nothing
All that I need for now
Are your arms
REPEAT CHORUS
