Angels with dirty faces

We got this underground  
We got this underground  
We got this new sound  
Alright, check it

[CHORUS] X 2

We are there  
Riding the scene  
The world  
Goes on  
Without you

Sun-shh for Sunspot Jonz  
Underground legend bones  
Almost broke trying build this underground heaven  
We are lights of a passage  
Be alert  
Be about work  
And penetrate while others hate  
Yo, they instigate  
We translate  
Verbal codes into lyrical states  
Can't wait  
For that phone call  
I'm calling you  
What can you do for me  
And the Legendary?  
We must sell this CD  
And make it back  
Those who lack  
Your mental  
Will always hold your back  
I grew up up in Oakland  
Next to High Street  
Yo, my feet are my eyes and my ears are my moves  
Bumpin' like this groove  
We choose to the rhythm  
We choose to the rhythm  
We move to the rhythm

Yeah, and it don't stop  
'Cause the world don't stop  
What you gonna do, draw?

[CHORUS] X 2

[Never, never stop] [Put 'em up, put 'em up]

B-b-b-beauty like a woman's touch  
There's still so m-m-m-m-much to learn  
A kiss is a b-b-b-b-burn  
Into my soul  
We know nothing  
But we see it all  
This is all not the same  
I am a warrior  
On the mic you can't strike  
Yo, you better swing all the way  
And bring home the pendant  
Yo, I didn't have all "A"s in school  
But I could see the way  
Fuck being average  
I knew the world was run by cabbage, green  
Can't have owed  
Dream with the fishes  
We make wishes  
Ain't nothing ever gonna go  
Unless you go and just show oh so-so  
Ain't nothing ever gonna go  
Ain't nothing ever gonna change  
Unless you go and use your soul  
Use your mind [We ridin' the scene and we gonna ]  
Know your role, know your role, know your role

[CHORUS] X 4

[Yeah, the world go on without you, now]  
[The scene] [Yeah, it go on without you]  
[Yeah, the world go on without you, now]  
[The scene] [Yeah, it go on without you]

You always thought stuff was gonna stay the same  
You always thought you could just make and maintain  
The world go on without you, you never know

We are

Somethin' to end out on  
Let the music just fade out  
Then you can just close your eyes  
And just think about
