Do you watch the shadows, dancing on your wall
Do you float in silence, praying for the night to fall
Baby, had to believe...

I'm holding on forever, you're in my golden arms
I slowly suffocate you, with my lucky charms
Why don't I set you free

[Chorus]

When I close your eyes remember
There might not be another day
I hold you in my heart,
and I knew it from the start
but I couldn't let it win
I saw it in your eyes...
No lust for life

When you sleep you're crying, maybe you wish for
death
When you look you're hiding, don't look away again
Where does it end...

There is a star descending, you reach and touch
the light
Your earthly body's fading, swallowed up by
the night
Down in the dark I stand...

[Chorus]
