I lay alone wrapped in chains and lost in visions
Searching for reasons why I feel the pain of the world
To my dismay the visions increased, the rage grew
stronger
I'm burning the food of the ones who are skin to the
bone

Who are you, projecting my crimes
And dealing in pain
I need to go

In vision two, a blood-red sky, well known intentions
I'm carving a name in the bullet, it gives me eye
He's so alone, desperate he walks the streets of ashes
Removing the bricks from the ruins, he screamed for
his girl

Where are you, projecting the grief
A world gone insane
I need to go

Under, in body and soul
Take me under in a sea of love
Hiding behind the windows of the world

Under, under your wings
Take me under, fly me away
Thunder, outside the windows of the world

She's daddy's girl, he loves her so, he'd like to touch
her
Shows her the nature of men, it's the way of the world
A winters night, the writing stopped, the words are
written
?Show me the freedom?, she cries as she picks up the
gun

Who are you, projecting the grief
A world gone insane
I need to go

Under, in body and soul

Take me under in a sea of love
Hiding behind the windows of the world

Under, under your wings
Take me under, fly me away
Thunder, outside the windows of the world
