Well I got the most incredible
One shot, the pain is physical
I've got an illness, but I was oblivious to it

Blue jeans, sweet dreams and parking lots
Missed once, missed twice, gave it all I got
We got the illness, we've all got the illness, you know it

Somebody got hurt
Somebody's waiting
My heart is breaking
Am I forsaken?

Is it too late to send an
S.O.S Oh [x3]

Is it too late to send an
S.O.S Oh [x3]

Is it too late to send a...

Little Ruby got a job with a miniskirt
Loses sleep, plastic sheets, she keeps it covert
She got the illness, we've all got the illness, you know it

Well I've got the plan, but don't follow me
I got the illness, we've all got the illness, you know it

Somebody got hurt
Somebody's waiting
My heart is breaking
Am I forsaken?

Is it too late to send an
S.O.S Oh [x3]

Is it too late to send an
S.O.S Oh [x3]

Is it too late to send an
S.O.S Oh [x3]

Is it too late to send an
S.O.S Oh [x3]

Is it too late to send a...

We will not see you now, no we mean nothing
We will not see you now, no someone help us

We will not see you now, no we mean nothing
We will not see you now

S.O.S Oh [x3]

Is it too late to send an
S.O.S Oh [x3]

Is it too late to send an
S.O.S Oh [x3]

Is it too late to send an
